The Office Action dated July 15, 2003, imposed an election-of-species requirement in the above-identified case. In the Office Action, the Examiner required election of a single disclosed species for prosecution on the merits in this case. The Office Action states that no claims are generic.

The Examiner alleged the existence of claims directed to five patentably distinct species of the claimed invention:

- Species 1, corresponding to embodiment 1;
- Species 2, corresponding to embodiment 2;
- Species 3, corresponding to embodiment 3;
- Species 4, corresponding to embodiment 4; and
- Species 5, corresponding to embodiment 5.

Applicant hereby elects, without traverse, Species I, on which Claims 1, 3, 5-10, 16-20, 26-30, and 36 are readable, for prosecution on the merits.

An early and favorable examination on the merits is respectfully requested.

Applicant's undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,
